

PEST-MP

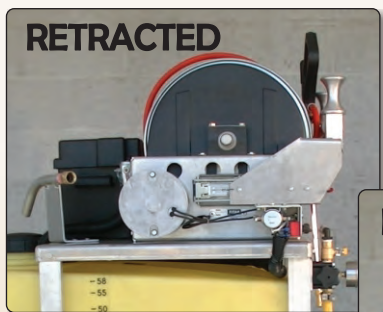

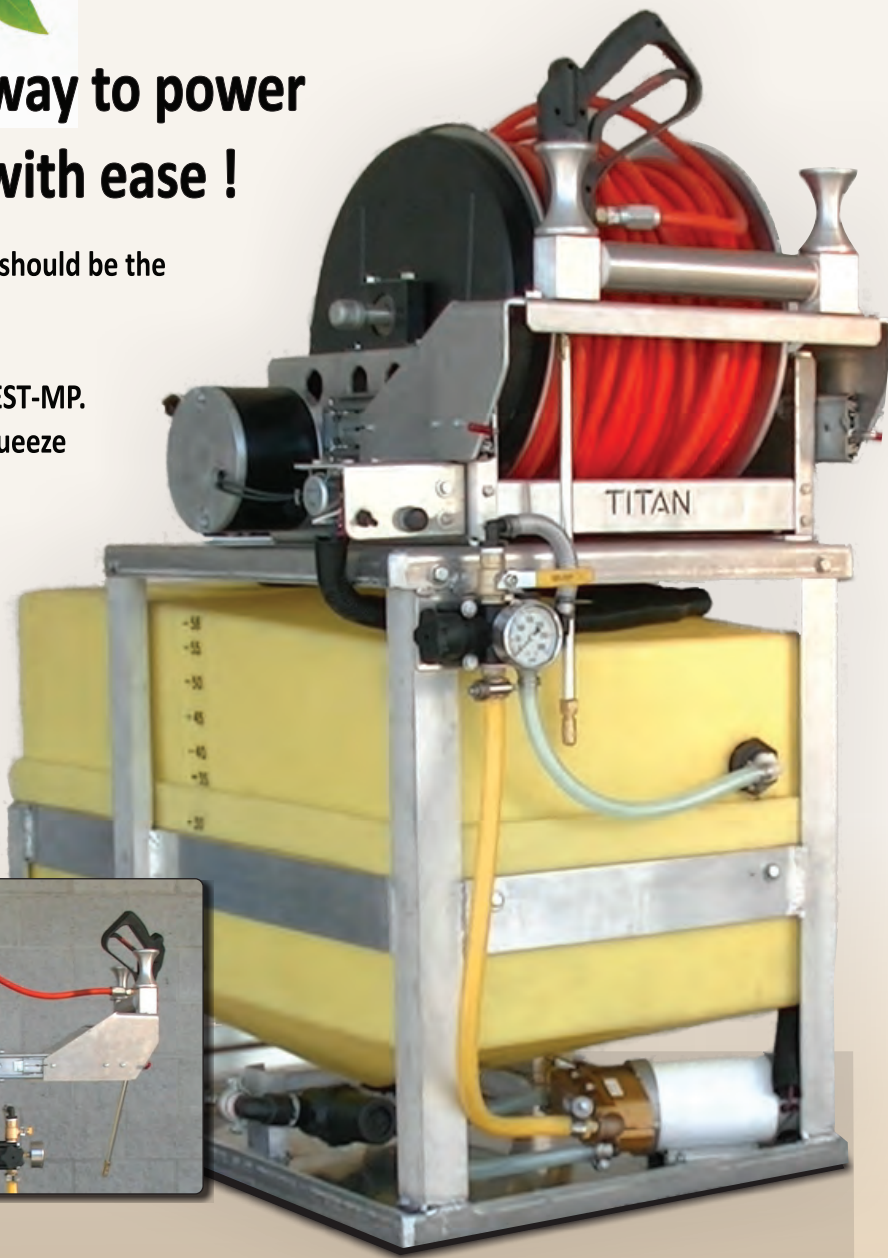

... a faster way to power

through your spraying jobs with ease !

At GreenPRO Solutions, we think your spray schedule should be the most predictable part of your day.

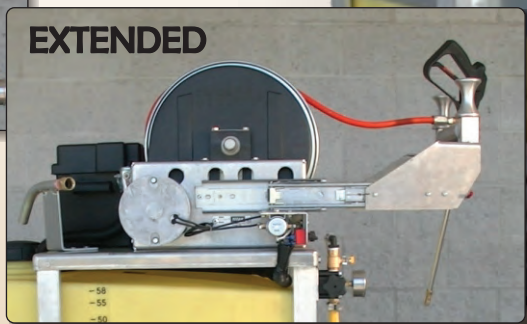

Whatever the job, you're ready to roll with the GPS PEST-MP. Once the tank is filled it's all GO! Just flip a switch, squeeze the trigger and you'll power through your spray jobs in no time.

Note how the hose guide assembly extends a full 12" to protect the hose and your vehicle's paint job.
