

Space Saver Multi-Purpose Sprayer

This Space Saver has it all!

Robust aluminum frame is both extremely strong and very stylish. Made to fit into pick-ups of all sizes. The narrow footprint permits either a huge amount of storage or two of these units side-by-side in a standard 8' bed. Available in 100, 200, and 300 gallon sizes with a number of pump options. Optional "Spider Legs" for easy loading and unloading.

Possible uses include:

- Vegetation Management
- Insect Control
- Tree, Shrub or Turf Care
- Organic applications

Spider Legs

100G tank - large enough for vegetation management or insect control.

Udor 22gpm, 300psi pump sprays to 35' (shown) or Udor 20gpm, 560psi, pump sprays to 50'.

2" Fill /Air Gap System saves time and money.

All controls are easy to reach because they extend over the side rail of the pick-up truck.

Heavy Duty Aluminum frame is lightweight and durable.

Quality electrical components are well marked.

Low price point permits multiple single-purpose sprayers that eliminate cross-contamination or incompatible spray product issues.
